#30 -75 DOCUMENTS EXPEDITING PROJECT 24

84th Congress, 2d Session } JOINT COMMITTEE PRINT

JOINT COMMITTEE ON ATOMIC ENERGY

INDEX TO 1956 HEARINGS

BEFORE THE

JOINT COMMITTEE ON ATOMIC ENERGY CONGRESS OF THE UNITED STATES

EIGHTY-FOURTH CONGRESS
SECOND SESSION

ON DEVELOPMENT, GROWTH, AND STATE OF THE ATOMIC ENERGY INDUSTRY

Printed for the use of the Joint Committee on Atomic Energy

UNITED STATES
GOVERNMENT PRINTING OFFICE
84686 WASHINGTON : 1956

JOINT COMMITTEE ON ATOMIC ENERGY

CLINTON P. ANDERSON, New Mexico, *Chairman*
CARL T. DURHAM, North Carolina, *Vice Chairman*

RICHARD B. RUSSELL, Georgia	CHET HOLIFIELD, California
JOHN O. PASTORE, Rhode Island	MELVIN PRICE, Illinois
ALBERT GORE, Tennessee	PAUL J. KILDAY, Texas
HENRY M. JACKSON, Washington	JOHN J. DEMPSEY, New Mexico
BOURKE B. HICKENLOOPER, Iowa	W. STERLING COLE, New York
EUGENE D. MILLIKIN, Colorado	CARL HINSHAW, California[1]
WILLIAM F. KNOWLAND, California	JAMES E. VAN ZANDT, Pennsylvania
JOHN W. BRICKER, Ohio	JAMES T. PATTERSON, Connecticut

JAMES T. RAMEY, *Executive Director*

[1] Deceased August 5, 1956.

INDEX TO 1956 HEARINGS ON DEVELOPMENT, GROWTH, AND STATE OF THE ATOMIC ENERGY INDUSTRY

	Part	Page
Hearing dates:		
Tuesday, February 7, 1956	1	1
Wednesday, February 8, 1956	1	97
Wednesday, February 15, 1956	1	187
Thursday, February 16, 1956	1	237
Thursday, February 23, 1956	1	289
Wednesday, February 29, 1956	2	321
Thursday, March 1, 1956	2	353
Monday, March 5, 1956	2	405
Tuesday, March 6, 1956	2	473
A		
Access permits	1	3
	1	6
	1	13
	1	222
	2	425
AEC, investor-owned utilities, issued through January 1956	2	542
Arrangements for documentary information for holders of	1	75
Business or occupation of holders	1	73
Access to restricted data	1	117
Agriculture:		
Aid to undernourished countries	2	363
Benefits of application of atomic energy to	2	362
Citrus fruits	2	365
Foliage feeding	2	364
Oats, irradiation of	2	364
	2	366
Use of isotopes in	1	151
American Federation of Labor–Congress of Industrial Organizations	2	548
Resolutions on atomic energy	2	549
American Gas & Electric Corp	2	522
American Public Power Association	1	268
	1	271
Comments on recommendations of McKinney panel	1	270
General policy	1	268
Interest and activity in atomic energy	1	268
Resolutions adopted at annual convention, May 3–5, 1955	1	282
American Water Works Association	2	405
AMF Atomics (subsidiary of American Machine & Foundry Co.), reactor for irradiation purposes	2	372
Anaconda Co., letter from William Jurden, submitting views	2	587
Anderson, Hon. Clinton P., chairman, Joint Committee on Atomic Energy:		
Letter from R. L. Schacht, Consumers Public Power District, commenting on Report of the Panel on the Impact of the Peaceful Uses of Atomic Energy	2	503
Opening statement at hearings	1	1
Aqueous homogeneous reactors	1	26
Atomic Development Mutual Fund, Inc., submitted statement	1	286
Atomic energy:		
General industrial uses	2	376
International uses of	2	498
Atomic Energy Act:		
Section 164, recommended change in	1	281

	Part	Page
Atomic Energy Commission:		
Access permits, investor-owned utilities, issued through January 1956	2	542
Comments on report of the panel on the peaceful uses of atomic energy	2	323
	2	345
	2	346
	2	355
	2	362
	2	368
	2	373
	2	376
	2	378
	2	395
	2	397
Division of Civilian Power Application, suggested establishment of	2	519
Excerpts from press seminar on civilian power reactor development	2	487
Information released under access permit program	2	442
Private enterprise, program to encourage participation in atomic-energy development	1	52
Regulation of industry	1	99
Research reactor policy	1	32
Sale of unclassified reports	1	55
Unclassified depository libraries as of February 1, 1956	1	54
Atomic energy industry, encouragement of competition in	1	279
Atomic power:		
AEC support of program to put on competitive basis	2	323
Controlled thermonuclear power and direct conversion of radiation energy	2	346
Developing civilian atomic power (table)	2	341
Exploration of technological resources of	2	345
Russian	2	338
Urgency of progress in atomic power field	2	507
Use of Federal funds to enlarge use of atomic energy for power purposes	2	328
Atomic Power Development Associates, Inc	1	247
Electric power systems and other industries	1	256
Atomic power development, priority of	1	275
Atomic power programs in foreign countries	1	202, 204
Atomic-powered automobiles	2	375
Atomic-powered locomotives	2	374
Costs	2	375
Industrial interest	2	374
Atomic-powered ships:		
AEC's role in development of	2	373
Economic feasibility	2	373
Engines for commercial ships	2	414
	2	417
Automobiles, atomic powered	2	375

B

Baltimore Gas & Electric Co., letter from Charles P. Crane, submitting views on panel report	2	587
Beckerley, Dr. James G., of the Schlumberger Well Surveying Corp	2	463
Benedict, Mason, letter to Senator Anderson submitting views on panel report	2	593
Beryllium	1	147
Biemiller, Andrew J., legislative representative, American Federation of Labor and Congress of Industrial Organizations, statement of	2	548
Boiling-water reactors	1	22
Bonneville Power Administration, letter from E. C. Starr, chief engineer, submitting views on panel report	2	593
Boral	1	83

	Part	Page
Brain tumors, treatment of	2	438
Brookhaven National Laboratory	2	437
Participation of outside scientists	2	439
Bureau of Mines	1	230, 232
Byproduct material regulation	1	116
C		
Cancer, control of	2	441
Chamber of Commerce of the United States, submitted statement	1	283
Cisler, Walker L., president of Power Reactor Development Co. and Atomic Power Development Associates, Inc	1	247
Letter to Congressman Cole, regarding accounting procedures	2	488
Civilian Power Application, Division of, establishment of in AEC	2	519
Civilian Power, establishment of Division of	1	214
Civilian power reactor program	1	18
Costs	1	28
Civilian power reactor projects and advanced engineering related to civilian power—estimated costs, fiscal year 1956 (table)	1	33
Civilian reactor development	1	15
Relation of military power reactors to	1	29
Classification and declassification	2	379
Classified reports, production of	1	165
Committee of senior reviewers	2	386
Data for public use	1	5
Industrial information	1	72
Office of Classification, AEC, function of advisory system	2	383
Process of	1	59
Reexamining concept that atomic information in all fields is "born" classified	2	380
Requiring AEC to compile classified and unclassified information relating to peaceful uses of atomic energy	2	381
Sale of classified reports	1	75
Thermonuclear reactor data	2	466
Cleveland Electric Illuminating Co	2	534
Coal industry:		
Interest in atomic-energy program	1	228
Resolution adopted by National Coal Association, November 1, 1955	1	228
Coal steam generation	1	20
Cochran, Clay L., staff economist, National Rural Electric Cooperative Association	1	189, 219
Cole, Hon. Sterling, letter from Walker Cisler, regarding accounting procedure	2	488
Commonwealth Edison Company of Chicago	1	237
Dresden plant	2	523
Facility license application	2	327
Proposal to AEC for construction of full-scale nuclear power plant	1	238
Consolidated Edison Company of New York, facility license application	2	327
Cooperative League of the United States	2	561
Recommendations of changes in Atomic Energy Act	2	563
Construction:		
Powerplants, full-scale	1	19
Reactor experiments	1	19
Consumers Public Power District, Columbus, Nebr., submitted statement	1	285
Proposed plant	1	24
Crane, Charles P., letter to Senator Anderson submitting views of Baltimore Gas & Electric Co. on panel report	2	587

D

	Part	Page
Davis, W. Kenneth, Director of the Division of Reactor Development, Atomic Energy Commission, statement of	1	2
	2	321
	2	353
Dean, Gordon, excerpt from Report on the Atom	2	476
Demonstration power reactor program	1	204
Detroit Edison Co., offer to participate in power demonstration reactor program	1	247
Dunham, Dr. Charles L., Director, Division of Biology and Medicine, statement of	2	353
Duquesne Power Co., Shippingport plant	1	197

E

Earl, Elliott, partner, Wilson & Earl, management analysts, power consultants, Sheraton Corporation of America, Boston, Mass	1	220
Edison Electric Institute	2	534
Education and atomic energy, remarks by Dr. Willard F. Libby, to National Education Association Convention, July 7, 1955	1	48
Education of the public	2	391
Eklutna plant (Alaska)	1	190
Electric cooperatives, rural, interest in atomic power	1	190
Electrical energy in conventional steam plants and in nuclear plants, 1960 to 1980, computation of costs of	2	583
Ellis, Clyde T., general manager, National Rural Electric Cooperative Association, statement of	1	189
Energy Research Associates	2	505

F

Farr, Dr. Lee E., chairman of the Medical Department and Medical Director of the Brookhaven National Laboratory, statement of	2	437
Fast breeder reactors	1	24
Federal atomic power program	1	208
Federal Power Act	2	411
Federal power program stimulates private participation	2	508
Federation of American Scientists, submitted statement of views on panel report	2	590
Fellowship programs	1	167, 171
Fields, K. E., General Manager Atomic Energy Commission, statement of	1	2
	1	97
	2	321
	2	353
Foliage feeding	2	364
Food preservation	1	32
Food, radiation preservation of	2	368
Foreign student training	1	164, 167
Fortune magazine, excerpt from, relative to nuclear power	2	484
Freedom's Need for the Trained Man, remarks by Lewis L. Strauss, Sixth Thomas Alva Edison Foundation Institute, November 21, 1955	1	40
Fuel elements, irradiated, processing of	1	84
Fuel processing	1	18

G

Gale, Willis, chairman of Commonwealth Edison Co., statement of	1	237
Gas-cooled reactors	1	28
General Electric Co	2	442
Activities in atomic-energy field	2	442
Contract with Commonwealth Edison Co. to build nuclear plant near Chicago	2	443

	Part	Page
General Electric Co—Continued		
Decision to build atomic powerplant	2	353
General Public Utilities Corp., letter from E. W. Morehouse, vice president, submitting views on panel report	2	588
Government agencies, increased interest in technical developments in atomic energy	2	404
Government organization	2	402
Grahl, James L	1	268
Guided missiles	2	430
H		
Hazards	2	391
Health and safety	2	394, 410, 490, 555
AEC conference with State officials	1	174
Development of uniform technical and safety standards	2	445
Enforcement of regulations in States	1	101
Hazards of operation	1	172
Insurance	1	177
Radiation exposure	2	491
Research in reactor safety and radiation protection	1	180
Waste disposal	1	175
Health, Education, and Welfare, Department of, letter from Leonard A. Scheele, Surgeon General, Public Health Service, submitting views on panel report	2	591
I		
Industrial nuclear power reactors, proposed program in field of	1	290
Industry:		
Assuming responsibility for construction of powerplants	2	479
Charges for materials and services furnished to	1	85
Controls on activities in foreign countries	2	395
Encouraging private industry to furnish atomic supplies and services	1	80
Industrial participation program	2	337
Participation of private industry in atomic power program	2	535
Private enterprise, AEC program to encourage participation in atomic energy development	1	52
Regulation of	1	99
Research and development objectives and programs available to	2	390
Sale of engineering drawings	1	76
Study, research, and planning groups of electric utility companies	2	543
Unclassified information available for	1	54
Information:		
AEC unclassified libraries as of February 1, 1956	1	54
Control of	2	378, 463
Dissemination of	1	53
Public reporting	2	468
Publishing additional industrial information	1	76
Sale of unclassified reports	1	55
Insurance	1	108, 200, 201, 212, 239, 244, 245, 252, 299
	2	391, 455
Belgian plan	2	521
Delay in non-Federal projects due to lack of	1	276
Government problem of liability	2	527
Limits of liability	2	456
Major obstacle to operation of Dresden plant	2	526
Potential liabilities	2	448
Problems facing industry	2	446
Recommendations concerning	2	450
Vital importance to industry	2	522

	Part	Page
Interior, Department of the, letter from E. C. Starr, chief engineer, Bonneville Power Administration, submitting views on panel report	2	593
International Atomic Energy Agency	1	125
International Atomic Energy Conference	1	123
International cooperation	1	122
Industrial participation	1	126
Libraries in foreign countries	1	126
Purpose of program	1	123
Sale of heavy water	1	126
International Cooperation Administration	2	363
Students participating in program	2	364
International Union of Electrical, Radio, and Machine Workers, AFL–CIO	2	473
Recommendations concerning S. 2725	2	475
	2	477
Irradiated fuel elements, processing of	1	84
Isotopes	1	149
Agricultural use of	1	149, 158
Foreign shipments	1	160
Industrial use of	1	149, 153
Medical benefits	1	151, 157
	2	441
Monetary savings from use of	1	150
J		
Jennings, Jack T., assistant director, Washington office, Cooperative League of the United States, statement of	2	561
Johnson, Jesse, Director, Division of Raw Materials, Atomic Energy Commission, statement of	1	135
Johnson, Dr. Thomas H., Director, Division of Research, Atomic Energy Commission	1	93
Statement of	2	321
Joint Committee on Atomic Energy:		
Reexamining concept that atomic information in all fields is "born" classified	2	380
Requiring AEC to compile classified and unclassified information relating to peaceful uses of atomic energy	2	381
Jordan, Harry E., secretary of the American Water Works Association, statement of	2	405
Jurden, William, letter to Senator Anderson, submitting views of Anaconda Co	2	587
K		
Knolls Atomic Laboratory	2	452
L		
Labor-Management Advisory Committee, recommendation for establishment of	2	557
Labor-management regulations	2	494
Work stoppages	2	496
Lamb, Capt. Carl J., referred to	2	417
Libby, Dr. W. F., member, Atomic Energy Commission:		
Remarks to National Education Association Convention, July 7, 1955, entitled "Education and Atomic Energy"	1	48
Statement of	1	2
	1	149
	2	321
	2	353
	2	436
Licensing	1	128
Facility license applications	1	118
Facility licensing regulation	1	106
NAM opposition to compulsory licensing	2	435
Production facilities	1	105

	Part	Page
Lindseth, Elmer L., representing the Edison Electric Institute, and president of the Cleveland Electric Illuminating Co., statement of	2	534
Liquid metal fueled reactors	1	28
	1	34
Livermore Laboratory	2	354
Locomotives, atomic-powered	2	374
M		
Manpower	2	391
Manpower, scientific, shortage of	2	344
Manufacturing Chemists' Association, Inc., statement of	1	263
Maritime Administration:		
Circular letter sent out by the Administration to selected private firms, soliciting proposals for manufacture of a nuclear propulsion system for a merchant ship	2	421
Study of nuclear power for ships	2	416
Marketing of surplus power by AEC	1	280
Marshall, C. L., Director, Division of Classification, Atomic Energy Commission, statement of	2	353
McCune, Francis K., vice president, General Electric Co., McKinsey & Co., survey	2	381
Medical research and therapy, reactors for	1	31
Medicine and public health:		
Additional research centers	2	356
Labeled cortisone, need for	2	358
Low-cost atomic medical equipment, need for	2	357
Need to provide medical schools with adequate facilities for training in atomic-medicine techniques	2	355
	2	360
Radiation, need for better recordkeeping of exposure of individuals to	2	360
Radioactivity labeled organic compounds, need for	2	357
Medicine, use of atomic energy in	2	437
Menke, John, president, Nuclear Development Corporation of America, statement of	2	469
Michigan Public Service Commission, in the matter of application of the Detroit Edison Co., regarding atomic power reactor	1	257
Microcopy, competitive pricing on, sale of	1	57
Miles, Clarence R., Chamber of Commerce of the United States, submitted statement	1	284
Mines, Bureau of, estimates of future coal production	1	230
Mitchell, William, General Counsel, Atomic Energy Commission, statement of	1	2
	1	97
	2	321
	2	353
Morehouse, E. W., vice president, General Public Utilities Corp., letter to Senator Anderson, submitting views on panel report	2	588
Murray, Thomas E., member, Atomic Energy Commission, statement of	1	289
	2	321
	2	353
N		
National Association of Manufacturers	2	422
National Coal Association	1	228
National Council of Negro Women	2	503
National Rural Electric Cooperative Association	1	189
Interest in atomic power	1	189, 190
Letter to Senator Anderson, regarding REA-financed generating stations	1	193
Resolutions	1	218–219
Nautilus	1	117
	2	338

	Part	Page
Nordheim, Lothar W., vice chairman, Federation of American Scientists, letter submitting views on panel report	2	590
Nuclear Development Corporation of America	2	469
Contributions to atomic program	2	471
Nuclear fission power	2	350
Nuclear physicists, need for	1	212
Nuclear power:		
American Public Power Association recommendation, relative to	1	275
Building plants in foreign countries	1	307
Economics of	1	294
Growth of	1	16
Plant costs	1	306
Transition to (chart)	1	18
Nuclear Power Group, Inc	1	239
	2	522
Nuclear powerplants, investor-owned utilities participation (table)	2	539–541
Propulsion, nuclear. (*See* Atomic powered ships, automobiles, locomotives.)		
Nuclear science training	1	166

O

Oakes, Charles E., president, Pennsylvania Power & Light Co., submitted statement	1	284
Oats, irradiation of	2	364
	2	366
Oil, Chemical, and Atomic Workers International Union, AFL–CIO	2	489
Reuther opinion, comments on	2	501
Oil tanker, atomic powered	2	420
Olds, Leland, head of Energy Research Associates, statement of	2	505
Organic moderated reactors	1	27

P

Pacific Gas & Electric Co., decision to build an atomic powerplant	2	353
Panel on the Impact of the Peaceful Uses of Atomic Energy, observations of the conservative forecast of future electrical power requirements in the United States adopted by	2	485
Parker, Mrs. Barrington D., legislative representative, National Council of Negro Women, statement of	2	503
Patents	1	182, 217
	2	401, 439
Amendment of section 153	1	278
Amendment of section 155	2	428
Elimination of section 152	2	424
	2	425
	2	432
Foreign applications	2	426
NAM recommendations on patent provisions of Atomic Energy Law of 1954	2	433
Recommendations for changes in patent provisions	2	423
Review of patent provisions	2	402
Peacetime applications of atomic energy, organization for development of	1	279
Pennsylvania Power & Light Co.:		
Proposal	2	481
Statement of	1	284
Periodical dissemination	2	382
Classified	2	382
Unclassified	2	382
Peterson, William S., vice chairman, Atomic Energy Committee of the American Public Power Association	1	267
Pickett, Tom, executive vice president, National Coal Association, statement of	1	228

	Part	Page
Plutonium: Guaranteed long-term contracts for	2	458
Polyethylene, irradiation of	1	161
Power demonstration reactor program	1	3
	1	78
	1	247
Powerplants, nuclear, building costs	1	306
Power Reactor Development Co	1	247
		249
Companies signifying intention of becoming members, and to make necessary contributions	1	257
Prentice report, an analysis of, and an evaluation based upon the Charpie report and statements of Lewis L. Strauss and W. Kenneth Davis	2	577
Pressurized water reactor	1	20
Price, Harold L., Director, Division of Civilian Application, statement of	1	2
	1	97
	2	321
	2	353
Private enterprise. (*See* Industry.)		
Public Health Service, submitted statement	2	59
Public interest in atomic power	2	511
Public power groups, aid for	2	505
Public Utility Holding Company Act	1	250
		1
R		
Radiation preservation of food	2	368
Funds programed for food irradiation activities	2	370
Industrial interest	2	371
Military, advantages to	2	370
Reactors for	2	369
Radin, Alex, manager, American Public Power Association, statement of	1	271
Radioisotopes:		
For research	2	400
Use of, in solving practical problems in the water-supply field	2	407
Reactor development, need for Federal financial assistance	1	292
Reactor safety	1	18
Reactors	1	332
Acqueous homogeneous	1	26
AEC demonstration plants, panel recommendation	3	324
AEC financial assistance for research	2	396
Boiling water	1	22
British	2	332
	2	339
Controlled thermonuclear	2	463
Fast breeder	1	24
Food irradiation	2	369
For medical research	1	31
For therapy	1	31
Foreign, personnel needed to operate	1	305
Gas-cooled	1	28
General classes of	3	324
Government demonstration	1	273
Liquid metal fueled	1	28
	1	34
Nonpower uses of	1	30
Organic moderated	1	28
Pressurized water	1	20
Projects underway	1	197
Sale to Switzerland	2	336
Shippingport	1	4
Sodium graphite	1	23
Research and development	1	18
	2	323
		389
Cooperation with friendly nations	2	376

	Part	Page
Restricted data; individual rights under law	1	66
Reuther, Walter P., separate opinion on certain aspects of the Report of the Panel on the Impact of the Peaceful Uses of Atomic Energy	2	566
Referred to	1	207
Rickover, Adm. Hyman G., referred to	1	206
Rural electrification	2	511
Rural Electrification Administration atomic power staff, recommendations for	1	216
S		
S. 2725, encouraging enactment of	2	519
	2	553
	2	563
Schacht, R. L., general manager, Consumers Public Power District:		
Letter to Senator Anderson commenting on panel report	2	502
Submitted statement	1	285
Schlumberger Well Surveying Corp	2	463
Scientific manpower	1	166
	2	499
Shortage of	1	222
Sea Wolf	2	431, 452
Searing, H. R., chairman of the board, Consolidated Edison Company of New York, letter to Senator Anderson, submitting views	1	227
Security investigations	2	492
Shipbuilding. (*See* Atomic-powered ships.)		
Shippingport reactor	1	4, 292
Power production costs	1	297
Sigal, Benjamin C., general counsel, International Union of Electrical, Radio, and Machine Workers, AFL–CIO, statement of	2	473
Silvey, Dr. J. K. G., referred to	2	408
Skinner Engine Co	2	412
Sodium graphite reactors	1	23
"Soviet Is Pushing Atom Power Plan," excerpt of article from New York Times	2	418
Special nuclear material	1	130
	2	393
Guaranteed price schedules	2	400
Importance of continued Federal ownership of	2	512
Licensing	2	393
Ownership	2	393
Payment for damages to	1	130
Public examination of price schedules	1	277
Regulation	2	393
Special reactor materials	1	19
Spencer, Kenneth A., excerpt from statement before Panel on the impact of the Peaceful Uses of Atomic Energy	1	230
Sporn, Philip, president, American Gas & Electric Corp., and president, Nuclear Power Group, Inc., statement of	2	522
Referred to	1	239
Starr, E. C., chief engineer, Bonneville Power Administration, Department of the Interior, letter from, submitting views on panel report	2	593
Steers, Newton I., Jr., president, Atomic Development Mutual Fund, Inc., submitted statement	1	286
Steiger, William A., vice chairman of the Committee on Patents of the National Association of Manufacturers, statement of	2	422
Strauss, Hon. Lewis L., Chairman, Atomic Energy Commission:		
Remarks prepared by, for delivery to Case Institute of Technology, November 9, 1955, entitled "The Promises and Problems of Nuclear Power"	1	45

	Part	Page
Strauss, Hon. Lewis L.—Continued		
Remarks prepared by for delivery to Sixth Thomas Alva Edison Foundation Institute, November 24, 1955, entitled "Freedom's Need for the Trained Man"	1	40
Statement of	1	2
	1	97
	2	321
	2	353
Study, research, and planning groups of electric utility companies	2	543
Superintendent of Documents, Government Printing Office, sale of publications	1	56, 57
Swisher, Elwood, vice president, Oil, Chemical, and Atomic Workers International Union, AFL-CIO, statement of	2	489
T		
Technical information, declassification and distribution of	2	322
The promises and problems of nuclear power, remarks by Lewis L. Strauss, Case Institute of Technology, November 9, 1955	1	45
Thermonuclear power	2	348, 463
Thorium	1	147
Tumors, research	1	163
U		
United States consumption of primary energy (estimate of future demands) (chart)	1	16
U–235:		
Released by the President for export	2	334–335
Use in foreign reactors	2	444
Uranium	1	135
	2	397
Australian sales	1	144
Canadian sales	1	142
Combined Development Agency	1	143
Effect on power program of larger amounts of	1	301
Foreign fields	1	136
	1	138
Leasing uranium deposits	1	137
President's allocation for foreign use	1	303
United States milling capacity	1	135
V		
Van Eman, K. W., vice president and marine manager of the Skinner Engine Co	2	412
Vance, Harold, member, Atomic Energy Commission, statement of	1	2
	1	97
	2	321
	2	353
W
